

Dr. Stephen L. Benson is a licensed clinical psychologist in private practice. He has been in Wichita since 2000 and provides psychotherapy, testing, and consultation services to individuals and families. He also specializes with other adults and is recognized as an expert in geriatrics and dementia. He frequently consults with medical and legal professionals, social service agencies, nursing facilities, and families. He was also appointed to the Kansas Alzheimer's Disease Task Force by Governor Kelly and he has been appointed to the Elder and Dependent Adult Abuse Prevention Council by Kansas Attorney General Derek Schmidt.
